TRANSPORTATION TIPS FOR SUPER BOWL LVII FESTIVITIES IN DOWNTOWN PHOENIX

With numerous Super Bowl events taking place in Downtown Phoenix, we are providing the following transportation tips to help create a safe and enjoyable experience for visitors and locals.

Due to limited parking and various street closures, public transit is **HIGHLY** recommended and preferred mode of transportation.

In addition to public transit, consider using an e-scooter or e-bike for short trips in the downtown area. Hundreds of e-scooters and e-bikes will be available on a pay-as-you-go basis by Lime and Spin. To save time, download their app on your smartphone before arriving.

Driving Tips

- If you are planning to drive, consider leaving your car at a park-and-ride location, and then use public transportation to get downtown. For park-and-ride locations, visit valleymetro.org.
- Drivers are encouraged to enter or exit Downtown Phoenix from the west or south. The streets on the west and south handle greater capacity and are not as heavily used as those in the east.
- Although all major streets in the downtown area will remain open, please be flexible and allow for additional travel time as some streets will be closed or restricted.
- Look for wayfinding signage to help guide you into Downtown Phoenix and to available parking facilities.
- Be mindful of the heavy pedestrian traffic.
- Use recommended routes for easiest access in and out of downtown.

From Sky Harbor International Airport:

From E. Sky Harbor Blvd: Merge onto I-10 West Downtown Phoenix via the left ramp. Take Exit 148 for Jefferson St. and continue north toward Washington St. Turn left onto Washington St. and head west to downtown area.

OR
